The Third International Conference on Computer Science, Computer Engineering, and Social Media (CSCESM2016)

Metropolitan College, Thessaloniki, Greece
May 13-15, 2016

All registered papers will be published in SDIWC Digital Library

You are invited to participate in **The Third International Conference on Computer Science, Computer Engineering, and Social Media (CSCESM2016)** that will be held at **Thessaloniki, Greece** on **May 13-15, 2016**. The event will be held over three days, with presentations delivered by researchers from the international community, including presentations from keynote speakers and state-of-the-art lectures.

Research Topics

Computer Science
Access Controls
Biometrics Technologies
Computer Forensics
Computer Security
Data Mining
Cryptography and Data Protection
E-Learning
Network Security
Wireless Communications
Cloud Computing
Computational Intelligence
Computer Crime Prevention and Detection
Data Compression
Distributed and Parallel Applications
E-Technology
Forensics, Recognition Technologies and Applications
Multimedia Computing
Mobile Computing

Computer Engineering
Computer Architecture
Computer-aided Design
Computer Networks
Multimedia Applications
Network Security and Cryptography
Computer Animation
Expert Systems
Computer Modeling
Automated Software Engineering
Digital System and Logic Design
Wireless Sensor Network
Bioinformatics and Scientific Computing
Digital Signal and Image Processing
Internet and Web Applications

Social Media
Image / multimedia processing
Human-computer interaction
Social networking sites
Qualitative and quantitative studies of social media
Information propagation and assimilation in social networks
Social innovation and effecting change
Collaborative filtering
Social networks and online education
Graphics and visualization
Natural language processing
Social network analysis
Social Media Networking

Special Issues

Submission Deadline
April 13, 2016
